Apply by Aug. 15 for September start. **Apply by Sept. 15** for October start.
Online Software Engineering Learn to code online in order to launch your career as a software engineer. You'll develop key skills that build upon one another through interactive labs, lectures, and close collaboration – shipping code and showcasing your expertise through comprehensive Portfolio Projects. Choose between full-time or part-time pace options.	This course will be delivered online through our partnership with Flatiron School.	**Full-Time** (5 months, 45-50 hrs/week) **Part-Time** (10 months, 25-30 hrs/week) Courses start monthly.	**Applications will be reviewed on a rolling basis.**
Online Data Science Learn the skills necessary to launch your career as a data scientist. From Python to Machine Learning, you'll acquire the breadth and depth needed to become a well-rounded data scientist. Choose between full-time or part-time pace options. * This course requires some technical and professional experience. Learn more here.	This course will be delivered online through our partnership with Flatiron School.	**Full-Time** (5 months, 45-50 hrs/week) **Part-Time** (10 months, 25-30 hrs/week) Course Start Dates: February 22 April 5 May 17 June 28 August 9	**Applications will be reviewed on a rolling basis.**
Online Cybersecurity Analytics Learn the skills necessary to secure our future as a cybersecurity analyst. You'll set traps and catch threat actors with our real-world lab environments paired with industry-grade curriculum. Choose between full-time or part-time pace options.	This course will be delivered online through our partnership with Flatiron School.	**Full-Time** (4 months, 30-40 hrs/week) **Part-Time** (8 months, 15-25 hrs/week) Course Start Dates: March 15 April 26 June 7 July 19 August 30	**Applications will be reviewed on a rolling basis.**
Daytime JavaScript Full-Stack	This course will be delivered online through our partnership with Grand Circus.	**Full-Time/Daytime** 9:00 a.m. – 5:00 p.m., Monday–Friday 14 weeks, including at-home pre-work and 12 weeks in-person/instructional time in class Course Dates: April 5 – June 25, 2021 May 24 – August 13, 2021	**Applications will be reviewed on a rolling basis.**

[After-Hours JavaScript Full-Stack](#)	This course will be delivered online through our partnership with Grand Circus.	Mondays, Wednesdays, and Thursdays at 6:30 – 10:00 p.m. 28 weeks, including the mandatory at-home pre-work and 26 weeks in-person/instructional time in class Course Dates: April 5 – September 30, 2021 May 24 – November 18, 2021	**Applications will be reviewed on a rolling basis.**
[Daytime C# .NET Core Full-Stack](#)	This course will be delivered online through our partnership with Grand Circus.	**Full-Time/Daytime** 9:00 a.m. – 5:00 p.m., Monday–Friday 14 weeks, including at-home pre-work and 12 weeks in-person/instructional time in class Course Dates: April 5 – June 25, 2021 May 24 – Aug. 13, 2021	**Applications will be reviewed on a rolling basis.**
[After-Hours C# .NET Core Full-Stack](#)	This course will be delivered online through our partnership with Grand Circus. * Due to COVID-19, this course is currently live online.	**After-Hours/Evening** Mondays, Wednesdays, and Thursdays at 6:30 – 10:00 p.m. 28 weeks, including the mandatory at-home pre-work and 26 weeks in-person/instructional time in class Course Dates: April 5 – September 30, 2021 May 24 – November 18, 2021	**Applications will be reviewed on a rolling basis.**
[HTML and CSS](#) Introduces HTML5 and CSS3. Student should be familiar with using a computer and navigating through the file system.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (3 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Aug. 2 – 19, 2021	**Currently Closed**
[Javascript](#) Introduces JavaScript language. Student should be familiar with using a computer and navigating through the file system. Pre-req: HTML and CSS knowledge	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (3 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Aug. 23 – Sept. 9, 2021	**Currently Closed**
[Java and SQL](#) This is a beginner course and anyone interested in learning programming can enroll in this course provided they are familiar with using a computer and navigating through the file system.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (3 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Oct. 8 – Nov. 4, 2021	**Apply by Sept. 7, 2021.**

Course	Delivery	Schedule	Status
Advanced Java This introduces students to advanced concepts in Java: MVC frameworks, jee client-server development tools and methodologies, Spring annotations, Web services etc.. Should know Java to take this course.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (3 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Nov. 8 – 29, 2021	**Apply by Oct. 1, 2021.**
Front End Developer Bundle *Bundle includes 4 courses: HTML and CSS, JavaScript, Angular, and Apprenticeship	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (11 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Aug. 2 – Oct. 15, 2021	**Currently Closed**
Full Stack Developer *Bundle includes 2 bundles: Front End Developer Bundle and Backend Developer Bundle	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (20 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Aug. 2 – Dec. 17, 2021	**Currently Closed**
Mobile App Frameworks In this course, one of the mobile application frameworks like Angular, React etc. will be taught. HTML/CSS and JavaScript courses are a prerequisite to take this course. The specific framework that is being taught will be mentioned in the enrollment form.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (3 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. Sept. 20 – Oct. 7, 2021	**Currently Closed**
Back End Developer Bundle *Bundle includes 3 courses: Java and SQL, Advanced Java, and Apprenticeship	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (9 weeks)** Mondays, Tuesdays, Wednesdays, and Thursdays at 11:00 a.m. – 1:00 p.m. October 18 – December 17, 2021	**Currently Closed**
Data Analyst/Scientist Bundle *Bundle includes 5 courses: Python, Data Analytics, Data Science for Business, Big Data and Apprenticeship	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (5 weeks)** 4:00 – 6:00 p.m., Monday-Friday April 26 – June 15, 2021	**Currently Closed**
Python In this course, students learn the basics of Python Programming language. This is a beginner level course and anyone interested in taking a debut into programming can join this course. This course will prepare students to continue learning advanced level topics in Data Analytics, Data Science, Web development etc.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (1.5 weeks)** 4:00 – 6:00 p.m., Monday-Friday April 26 – May 5, 2021	**Currently Closed**
Data Analytics This course introduces students to Data Visualization. Students will derive insights from data by applying the techniques taught during this course. Students should know Python before enrolling into this course.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (1.5 weeks)** 4:00 – 6:00 p.m., Monday-Friday May 6 – 17, 2021	**Currently Closed**
Data Science for Business This course will prepare students in the high demand Data Science field. Students will understand the basic concepts of Machine Learning and how that is applied to data from a business domain to derive predictive intelligence.	This course may be delivered online or in person through our partnership with Mobi Bootcamp Corp.	**Part-Time (1.5 weeks)** 4:00 – 6:00 p.m., Monday-Friday May 18 – 27, 2021	**Currently Closed**
