

# NCWIT Non-Employee Travel Reimbursement Instructions

---

## Introduction

These travel instructions set forth requirements for accomplishing reconciliation and reimbursement for expenses incurred while traveling for NCWIT business purposes.

All NCWIT travelers should incur the lowest reasonable travel expenses and exercise care to avoid impropriety or the appearance of impropriety. **NCWIT travelers are expected to neither gain nor lose financially while traveling on NCWIT business.** All travel on behalf of NCWIT shall be completed using the most economical means available, which will satisfactorily accomplish NCWIT business. This includes airfare, hotel/lodging, rental car, and food. Please be sure to schedule your flights and hotels as early as possible to secure the best rates. As well, be mindful of ride-hailing versus car rental, and food and beverage purchases. Finally, while being economical is helpful to the organization, being safe is paramount.

All travel to be reimbursed by NCWIT must be made in accordance with the University of Colorado and NCWIT travel policies. There are no exceptions to NCWIT travel policies, so travelers must understand policies *prior* to incurring expenses and requesting reimbursement:

- University of Colorado (CU) Travel: <https://www.cu.edu/psc/travel>; A detailed travel procedural statement is located at: <https://www.cu.edu/psc-procedural-statement-travel>
- NCWIT Travel Policy: <https://www.ncwit.org/travelpolicy>

## DURING TRAVEL

### Allowable Expenses

Detailed Information about allowable and unallowable expenses can be found in NCWIT's Travel Policy ([www.ncwit.org/travelpolicy](http://www.ncwit.org/travelpolicy)), but in general, the following expenses are allowable:

- **Parking** at your hotel and/or home airport
- **Mileage** With a personal vehicle: (\$0.60/mi) to and from the airport, e.g., 90mi Boulder to DEN round-trip = \$54.00
  - NOTE: The travel mileage rate accounts for cost of gas and normal wear on your personal vehicle. You cannot additionally request reimbursement for gas for your personal vehicle.
  - For mileage reimbursement, you must include a screenshot mapping your 'to' and 'from' destinations as your receipt to itemize your mileage.
- **Transportation** between airport and hotel, meetings (e.g., ride-hailing, taxis, trains, or public transportation)
- **Meals** while in travel status. NCWIT does not pay a flat per diem and only reimburses for actual meal expenses, up to the maximum allowed by federal per diem based on location site. Original itemized receipts are required for all meals claimed on your reimbursement request form. Alcohol is **NOT** reimbursable. See the last page of this document to review how to remove alcohol and its related tax and tip from meal receipts. Or, for ease, we suggested purchasing alcohol separately. Only one entree per receipt is allowed and requests with more than one entree or meal will require additional explanation and review.
- **Lodging**. Please ensure your hotel receipt shows a ZERO or paid balance to indicate your stay was completed.
- **Airfare**, coach fare only. Please make sure your receipt shows your itinerary, cost, and method of payment.

**Original Receipts:** All receipts must be *itemized*. To be eligible for reimbursement for expenses you must submit original receipts showing proof of credit card payment and itemized detail of purchases.

**Please note that vouchers, company credits, or gift cards are not reimbursable forms of payment**

We ask that no alcohol or other non-reimbursable items be included on receipts, but if this happens, you must manually adjust the receipt total to remove the unallowable item, plus a percentage adjustment of tax and tip on those unallowed items. (See example at end of this document.)

The following are examples of charges **NOT reimbursable**:

- **Personal Expenses** such as dry cleaning, entertainment, toiletries, etc. or any expenses of a personal nature or not allowed and cannot be reimbursed.
- **Alcohol and any tax from alcohol** on a shared receipt. See the last page of this document to review how to remove alcohol and its related tax and tip from meal receipts. Or, for ease, we suggested purchasing alcohol separately.
- It is the responsibility of the traveler to know what is allowed for reimbursement in advance of any purchase.
